***ANTRON BROWN AND MATCO TOOLS DRAGSTER TO VISIT STUDENTS AT
GLENDALE COMMUNITY COLLEGE ON FEB. 22***

GLENDALE, Ariz. (Feb. 16, 2010) - Antron Brown, driver of the Don Schumacher Racing-owned Matco Tools dragster, will visit with students at Glendale Community College just outside of Phoenix on Feb. 22. The former college track star at Mercer (N.J.) Community College will speak to students at Glendale C.C. about education and career choices one day after competing at the 26th annual Arizona Nationals. Brown's 7,000-horsepower Matco Tools dragster also will be on display.

"I really enjoy these school visits we do for Matco (Tools)," Brown said. "I was just like many of these students not too long ago when I was a student at Mercer (Community) College in New Jersey. It's nice to give back and speak to the kids about career paths and the importance of focusing on education. These kids at the vocational schools are the technicians of tomorrow and it's great to have the chance to meet them and hopefully deliver the right message. It's great that Matco makes the vocational program a top initiative for the company."

The Glendale Community College school visit is the second of seven technical school visits this season for Brown and the Matco Tools dragster as part of the Matco Tools TechEd program. Brown visited Cerritos College in Norwalk, Calif. before the season-opening Winternationals on Feb. 9 and will next visit Seminole State College of Florida in Sanford, Fla. on March 15. Brown is the defending event champion of the Phoenix NHRA having scored his first of six 2009 NHRA wins at the

Phoenix race.

Brown will appear at Glendale C.C. from 8 a.m. to 1 p.m. before competing at the 26th annual Arizona Nationals, Feb. 19-21, at Firebird International Raceway. Brown will visit with groups of students who also will have the opportunity to get an up-close look at the 7,000 horsepower Matco Tools Top Fuel dragster that Brown raced to a category-best six wins last season. Matco Tools pit crew members John Benshoof and Caleb Williams, who graduated from Wyotech and Southern Illinois University, respectively, also will be on hand to speak with the Cerritos College students.

Brown is the only racer to win races and lead the standings in both Top Fuel and Pro Stock Motorcycle. He has 24 career wins and 21 No. 1 qualifying awards. He enters his third season behind the wheel of the Matco Tools dragster after finishing third in the Top Fuel standings last season. Brown has a career-best speed of 319.75 mph.

Don Schumacher Racing, headquartered in Brownsburg, Ind., consists of six professional NHRA teams: The U.S. Army Top Fuel dragster driven by seven-time world champion Tony Schumacher; the FRAM dragster of Cory McClenathan, and the Matco Tools dragster of Antron Brown. The Funny Car teams are the NAPA AUTO PARTS Dodge driven by Ron Capps, the Valvoline/Mail Terminal Services Dodge piloted by Jack Beckman, and the shelor.com Dodge driven by NHRA rookie Matt Hagan. Since 1998, Don Schumacher Racing teams have won 136 national events in 261 final rounds, and eight world championships.
